SOFTWARE LICENSE AGREEMENT

License Version 1.7

Please read this license agreement carefully. By entering into this license agreement you agree to be bound by the terms of this license.

As a potential licensee, you are encouraged to evaluate PJSIP under the terms of the GNU General Public License ("GPL"). You should only enter into this commercial use license if you are completely satisfied with the software as it is.

1) **The SOFTWARE ;** The SOFTWARE means the PJSIP software, including, without limitation, the following materials and software in source code format:

pjlib;	a cross-platform portability library,
pjlib-util;	an adjunct library to pjlib which provides various utility functions,
pjnath;	a NAT traversal helper library
pjmedia;	a multimedia communications library,
pjmedia-codec;	a placeholder library to support various multimedia codecs,
pjsip;	a SIP protocol stack collections

and any and all build scripts, makefiles, tools, samples, applications, or documents available and/or required to use or modify such software and any and all improvements, modifications, future versions or updates to such software, and new libraries (excluding those referred to in clause 2 below).

2) **Third Party Software:** The SOFTWARE may provide links to third party libraries or code (collectively "Third Party Software") to implement various functions. Third Party Software does not comprise part of the SOFTWARE.

Access to Third Party Software may be included along with the SOFTWARE delivery as a convenience. Such source code and libraries as are or may be listed under "Third Party Software" in the http://www.pjsip.org/licensing.htm page as may be amended from time to time, do not comprise the SOFTWARE. LICENSEE acknowledges (1) that some Third Party Libraries may require additional licensing of copyright and patents from the owners of such, and (2) that distribution of any of the SOFTWARE referencing any portion of a Third Party Library may require appropriate licensing or other rights from such third parties.

3) **Grant of Rights;** LICENSOR hereby grants to LICENSEE a worldwide, non-exclusive, transferable, sub-licensable, royalty-free license, under all of LICENSOR's intellectual property rights, such License being perpetual (subject to clause 7 below) to use, copy, modify, compile, sub-license, and create derivative works from the SOFTWARE, and distribute the resulting software **in object code format only**. Any sub-license under which such object code is distributed shall be personal to the recipient of such sub-license and shall not permit such recipient to redistribute. For the elimination of doubt, LICENSEE assumes (under this License) no obligation to provide any modifications or derivative works of the Software to LICENSOR or any other party. LICENSEE agrees not to enforce any patent rights of which it is the beneficiary against the LICENSOR or any of its downstream licensees in relation to the LICENSOR's use or distribution of the SOFTWARE. The LICENSOR warrants that the SOFTWARE does not breach the copyright of any third party, but cannot warrant that the SOFTWARE or its use does not constitute a breach of the patent or registered trade mark rights of any third party but without having made any enquiry, the LICENSOR does not believe that it is in breach.

4) **Relationship with GPL;** the LICENSEE may have certain rights to copies of the SOFTWARE under the GPL. The rights granted under this license are in parallel with those granted under the GPL. LICENSEE may at its discretion elect to apply either this License or the GPL to the SOFTWARE on each occasion it undertakes an act which would otherwise be contrary to applicable law. Termination of this License shall not cause termination of the associated GPL (or vice versa). This shall not prevent simultaneous termination of both licenses where the same state of affairs permits termination of each license.

5) **Maintenance and Support;** During the initial term of this Agreement (being the one year from the date hereof) and at the option of LICENSEE for each one year period thereafter for which LICENSEE pays for maintenance support, LICENSOR will deliver to LICENSEE all modifications and updates of the Software released by LICENSOR and made generally available to its licensees. In the case that any problems or questions arise the LICENSOR will use reasonable commercial endeavours to provide free technical support by e-mail (such support to be restricted to the SOFTWARE only) to one named person representing LICENSEE.

6) **Fees and Payment;** LICENSEE will pay LICENSOR £7,500 (seven thousands five hundred GBP) in consideration of the license grant set forth above and the first year of maintenance support. In the event that LICENSEE desires to purchase continued maintenance support for the Software within 90 days after the end of the first year, LICENSEE shall pay LICENSOR 50% of the license fee in place in advance per year for such support, such sum to be paid prior to the start of the additional year to which it relates. The LICENSOR may by notice at least 90 days prior to the end of any additional year notify the LICENSEE that the sum payable has increased, provided that such increase is not greater than the equivalent increase in a reasonably applicable officially published index (for example, the retail prices index or the wages index). In addition to all sums payable under this license, the LICENSEE agrees to pay any VAT, sales or other equivalent taxes properly applied.

7) **Term and Termination;** This Agreement will continue until the one year anniversary of the effective date. Thereafter, the term of this Agreement will automatically renew for consecutive one year periods unless LICENSEE (1) provides LICENSOR with written notice of its intention to not renew this Agreement or (2) LICENSEE fails to pay the appropriate support fee in advance as required under clause 6 above and LICENSOR terminates this license. Upon termination (other than for cause), the license granted under this Agreement will survive, but LICENSEE shall no longer be entitled to receive maintenance support for the Software and, as a result, LICENSOR shall have no obligation to provide updates. LICENSOR shall be permitted to terminate this License by notice for cause where (1) LICENSEE violates any of LICENSOR's intellectual property rights or (2) fails to comply with any of the terms of this Agreement provided in each case, that where such violation or breach is capable of remedy, the LICENSEE has failed effectively to remedy it within 14 days of receiving a notice and requiring it to be remedied. LICENSOR may terminate this Agreement at any time on giving not less than three months' notice to expire on the second or any subsequent anniversary of this Agreement.

8) **Ownership;** Except for the rights and licenses granted to LICENSEE under this Agreement, LICENSOR shall retain all right, title and interest, including intellectual property rights in the SOFTWARE.

9) **Modifications;** In the event that LICENSEE makes any modifications to the SOFTWARE, LICENSEE shall retain all right, title and interest, including intellectual property rights in the MODIFIED PORTION of the SOFTWARE.

   In the event that LICENSEE delivers such modifications to LICENSOR, LICENSEE grants LICENSOR a worldwide, perpetual, irrevocable, non-exclusive, sub-licensable, royalty-free license to produce, reproduce, distribute and transmit such corrections in object code and/or source code form as part of the SOFTWARE (and for the avoidance of doubt, such right shall permit the LICENSOR to distribute such SOFTWARE both under any OSI (Open Source Initiative) approved license and under a license substantially similar to this license, to any third party).

10) **Warranty Disclaimer;** The LICENSEE expressly acknowledges and agrees that use of the SOFTWARE is at the LICENSEE's sole risk. The LICENSEE acknowledges that it has had the opportunity to evaluate the SOFTWARE prior to entering into this license, and has determined that it is fit for the purpose which the LICENSEE intends it to be used. Except as is stated above, the SOFTWARE and related documentation are provided "AS IS" and without warranty of any kind and LICENSOR EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF SATISFACTORY QUALITY AND FITNESS FOR A PARTICULAR PURPOSE. THE LICENSOR DOES NOT WARRANT THAT THE FUNCTIONS CONTAINED IN THE SOFTWARE WILL MEET THE LICENSEE'S REQUIREMENTS, OR THAT THE OPERATION OF THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT DEFECTS IN THE SOFTWARE WILL BE CORRECTED.

    FURTHERMORE, THE LICENSOR DOES NOT WARRANT OR MAKE ANY REPRESENTATIONS REGARDING THE USE OR THE RESULTS OF THE USE OF THE SOFTWARE OR RELATED DOCUMENTATION IN TERMS OF THEIR CORRECTNESS, ACCURACY, RELIABILITY, OR OTHERWISE. NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY THE LICENSOR OR ONE OF ITS AUTHORIZED REPRESENTATIVES SHALL CREATE A WARRANTY OR IN ANY WAY INCREASE THE SCOPE OF THIS WARRANTY. SHOULD THE SOFTWARE PROVE DEFECTIVE, THE LICENSEE (AND NOT THE LICENSOR OR ANY ONE OF ITS AUTHORIZED REPRESENTATIVE) ASSUMES THE ENTIRE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION.

11) **Limitation of Liability;** UNDER NO CIRCUMSTANCES INCLUDING NEGLIGENCE, SHALL THE LICENSOR BE LIABLE FOR ANY INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES THAT RESULT FROM THE USE OR INABILITY TO USE THE SOFTWARE OR RELATED DOCUMENTATION, EVEN IF THE LICENSOR OR THE LICENSOR'S AUTHORIZED REPRESENTATIVE HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. "CONSEQUENTIAL DAMAGES" includes, but is not limited to, loss of profits, loss of anticipated savings, increased staff costs, remedial costs and third party damages claims. In no event shall the LICENSORS' total liability to the LICENSEE for all damages, losses, and causes of action (whether in contract, tort (including negligence) or otherwise) exceed that portion of the amount paid by the LICENSEE which is fairly attributable to the SOFTWARE in the calendar year in which the damage occurred.

12) Notwithstanding the above limitations of liability, nothing in this agreement is intended to limit or restrict the LICENSOR's liability for death or personal injury for which it is liable, or for fraud.

13) **Branding;** The LICENSOR may include LICENSEE's company name, logo, and other branding in a publicly available list of LICENSOR customers, and other pages relating to LICENSEE's use of the SOFTWARE.

14) **Assignment;** LICENSEE shall not assign or transfer this Agreement to any party; provided, however, that LICENSEE may assign its rights and obligations under this Agreement to any party who merges with or acquires of all or substantially all of the assets of LICENSEE with LICENSOR'S consent, such consent not to be unreasonably withheld.

LICENSOR may assign or transfer this Agreement to any party who merges with or acquires of all or substantially all of the assets of LICENSOR.

15) **Complete Agreement;** This License constitutes the entire agreement between the parties with respect to the use of the SOFTWARE, the related documentation and supersedes all prior or contemporaneous understandings or agreements, written or oral, regarding such subject matter (subject the possible existence of parallel rights under the GPL as set out above). No amendment to or modification of this License will be binding unless in writing and signed by a duly authorized representative of the LICENSOR.

16) **Law and Rights of Third Parties;** this license is governed by English Law and the parties agree to submit to the non-exclusive jurisdiction of the courts of England and Wales. Nothing in this agreement is intended to extend any rights to any person not a party to it, and accordingly any third party rights granted by the Contracts (Rights of Third Parties) Act 1999 are hereby excluded.
